

HOW TO MEASURE

- SLEEVE** - Measure from the center back neck bone to wrist.
- CHEST** - Measure at the fullest part of chest area keeping tape measure level.
- WAIST** - Measure at the naturally smallest place on the torso, keeping the tape measure level.
- INSEAM** - Measure from the crotch point to ankle, where you would like pants to fall.
- GLOVES** - Use a ruler to measure the top of your hand across your knuckles and use the chart below to determine glove size.
- HATS/CAPS** - Measure the circumference of the head above the ears.
